City Council Hearing:

## Planning Department

### **FINAL PLAT APPLICATION**

The City is concerned about the time, expense and efforts you and City staff have or will put into your project. The check lists herein are provided to expedite the project review process, and to provide clear understanding as to what will be required, and what will be expected and evaluated. City staff is bound by City ordinance and State law regarding publishing of notices, mail outs, etc. that will have an affect upon when your project will be heard by the approval body, which can only occur when the Plat Application and plat is complete in all detail. It has been learned through the years and by many previous cases, that the effectiveness and efficiency of the process most often is determined by the capabilities and determination of consultants and their contractors and associated quality control.

Please read the applicable check list carefully. It is to be completed for all projects and, along with the associated Plat, is required to be complete in all details prior to acknowledgement by the City that the respective plat is ready to proceed for approval. A plat is considered filed with the City on the date of the hearing by the Planning and Zoning Commission or, if subject to administrative approval, when the Plat has been determined to meet all requirements. Instructions for completion are included with each checklist. The Lancaster Development Code may be reviewed on the City's web site [www.lancaster-tx.com](http://www.lancaster-tx.com).

The City has made every effort to evaluate historical plans and approvals to make sure that the check list addresses all details needed on a Plat. Recognizing that no two projects sites are the same, and that consultant's vary in their abilities, determination, experience, and quality control processes, the City may require that a plat or an element of the plat be redone, or that information not specifically addressed on the check list be provided for a smoother review and approval experience.

It is recognized that there most often will be changes needed from what was submitted to the City for review. City staff conscientiously examines each item on a check list to see if the item was sufficiently addressed according to City requirements. Where deficiencies are found, the plat will be marked up and returned to the consultant named on the application to be addressed prior to further review or acceptance.

#### **IMPORTANT NOTICE**

Due to recent legislation enacted by the 79th Texas legislature in 2005, the City is required to treat any original application, development plan or plat application as a formal permit application if the submittal gives the City fair notice of the proposed project and hence, according to Chapter 245 of the Texas Local Government Code, the City will treat such as a formal permit application as that term is defined under that Chapter. Once a permit application is received, the City will furnish a response to the applicant within 10 business days from the date of submittal to provide comments as to any deficiencies in the submittal. The applicant shall be given a total number of 45 days, commencing from the initial date of submittal, to make all corrections as noted, to provide a complete set of plans meeting submission requirements, and to correct any deficiencies. Failure of a resubmittal to meet all check list, ordinance and submission requirements upon the expiration of the 45-day period will result in the closure the file; the case shall become null and void, and the permit shall be deemed to be expired. Any further submittal will be treated as a new case and subject to existing requirements, together with required fees.

## **FINAL PLAT SUBMISSION REQUIREMENTS**

**Plats must be submitted on time. Please refer to the Plat Process Calendar for submittal dates. Failure to submit any of the following items could result in application being incomplete and returned to applicant.**

### **1<sup>st</sup> or initial submittal**

1. 5 – 24"x36", not greater than 60 feet to the inch, folded copies of Plat
2. 2 – 11" x 17" hardcopy reduction of the Plat
3. An electronic copy of the Plat in jpg or pdf format
4. A completed application
5. The completed check list is required at time of submittal
6. A letter requesting any variance, exception or modification to a regulation, or why an issue was not addressed
7. A fee as required herein
8. Letter of Intent

***Failure to provide any of the items listed above could cause the application to be considered incomplete and possibly returned to the applicant.***

### **When staff has determined the plat as complete and ready for final approval**

1. 2 – 24"x36" folded copies of the Plat
2. 2 – 11" x 17" hardcopy reduction of the Plat
3. An electronic copy of the Plat in jpg or pdf format

### **NOTES:**

If a Facilities/Developer's Agreement is required, such shall be approved by the City Council, and should be coordinated through the Planning Division.

At the submission of the approved Final Plat, prior to release of the Final Plat for filing with Dallas County, the City shall require the following:

1. A check made payable to Dallas County for applicable filing fees; and
2. A stamped Tax Certificate from Dallas County.

## **WHEN A FINAL PLAT IS DETERMINED CORRECT AND READY FOR FILING**

### **City Requirements:**

- 1 - 24"x36" mylar with original seals and signatures, stamped with County recording information
- 4 - 24"x36" blackline copies

The City of Lancaster will file the final plat and return copies to the applicant. If you would like additional filing information please contact the Dallas County Clerk at 214-653-7131.

**All plans shall be folded at time of submittal. Failure to fold plans could result in failure of acceptance for the application submittal.**

**We look forward to working with you on your project**

# Final Plat Minimum Requirements

Project Name \_\_\_\_\_ Submission # \_\_\_\_\_

This check list is provided to assist you in addressing the minimum requirements for Final Plat submission. An application is incomplete unless all applicable information noted below is submitted to the Planning Division. Indicate that all information is included on the submitted plans by checking the box next to the required information. **Checking the box certifies to the City that you have completely and accurately addressed the issue.** This completed form must be returned at the time of application submittal.

If an exception or modification to the regulations is requested, the reason and/or request for each shall be provided on a separate sheet on letterhead with sufficient details as to allow a determination by the appropriate approving body. Additional information may be required. Reference the specific requirement.

Plans are expected to be submitted complete in all detail as shown by the checklist. Should plans be determined to be incomplete, they may either be returned to the applicant without further review or marked up with needed changes.

**If a Preliminary Plat was not required, a Tree Survey/Preservation Plan is required as part of the submittal requirements with and at the time of submittal of the Final Plat. A checklist for such Plan is included with this application packet.**

## Included

- 1. Property boundary is indicated by a heavy solid line, intermittent with 2 dash lines; dimensioned with bearing and distance.
- 2. Front and exterior or corner side setback lines are shown as a light dashed line and labeled.
- 3. Location map clearly showing the location of the proposed Final Plat with cross streets is included. Indicate scale or not to scale (NTS)
- 4. Written and bar graph scale and north arrow are indicated. North shall be oriented to the top or left side of the sheet.
- 5. Abstract lines, survey lines, corporate boundaries are shown.
- 6. A title block is provided in the lower right corner that includes large, boldly printed  
(SUBDIVISION NAME)  
FINAL PLAT (or REPLAT, AMENDED PLAT, MINOR PLAT as applicable)  
LOT(S) \_\_\_\_\_, BLOCK(S) \_\_\_\_\_  
(or survey, abstract and tract number)  
If a replat, include:  
REPLAT OF LOT(S) \_\_\_\_\_, BLOCK(S) \_\_\_\_\_
- 7. The owner and engineer's names, addresses and phone numbers, gross area, submission date, and a log of submittal/revision dates since submitted to the City.
- 8. Location of property lines, owner or subdivision name(s) and recording information of abutting

properties is shown.

- 9. Abutting properties are indicated by a light solid line.
- 10. Existing boundary streets adjacent to the property and boundaries of right-of-way dedication are indicated by a medium weight solid line, intermittent with two dashed lines, and widths are dimensioned.
- 11. Existing and proposed internal alleys and streets are indicated by a medium weight solid line, intermittent with two dashed lines.
- 12. Streets are named and dimensioned.
- 13. Streets, alleys, and rights-of-way within 200 feet of the subject property boundary are accurately located, dimensioned and named/labeled.
- 14. Streets internal to the subdivision are designed and platted so that a minimum of 50% of the total length of all streets are designed in a curvilinear manner.
- 15. The length and bearing of all straight lines, radii, arc lengths, tangent length and central angles of all curves are indicated along the lines of each lot. The curve data pertaining to block or lot boundary may be placed in a curve table at the base of the plat and prepared in a tabular form with the following information:
  - a. Curve number
  - b. Delta
  - c. Radius
  - d. Tangent length
  - e. Tangent offset
  - f. Arc length
  - g. Chord
  - h. Chord direction
- 16. The description and location of all survey monuments placed in the subdivision or immediately adjacent to it are shown.
- 17. In all subdivisions, corners are established at the corner of each block in the subdivision consisting of an iron rod or pipe not less than three-quarter inches (3/4") in diameter and twenty-four inches (24") deep, flush with the top of the sidewalk or other paving, surface, etc. All lot corners shall be installed prior to the final inspection of the subdivision.
- 18. Lot corner monuments are placed at all lot corners except corners which are also block corners, consisting of iron rods or pipes of a diameter of not less than one-half inch (1/2") and eighteen inches (18") deep set flush with the top of the sidewalk. All lot corners shall be installed prior to the final inspection of the subdivision.
- 19. Curve point markers are established using the same specifications as lot corners. All lot corners shall be installed prior to the final inspection of the subdivision.
- 20. Internal lot lines are clearly indicated and shown to scale.
- 21. Each lot is dimensioned and the square footage of each lot is indicated.
- 22. Each lot is numbered and block groups are assigned a letter.
- 23. The location of existing underground and above ground utilities, flood plain boundaries and state or federally protected areas, such as wetlands, are indicated.
- 24. Existing easements are indicated by a light, dashed line and labeled indicating dimensioned, purpose, and recording information.
- 25. Proposed easements are indicated by a light, dashed line and labeled indicating dimension and purpose.
- 26. Required and proposed ingress/egress and fire lane easements are shaded, dimensioned and labeled.

- 27. Existing zoning of the subject property and adjacent property is indicated.
- 28. Location and area of parks, drainage ways, and open space is indicated.
- 29. A legal description is included.
- 30. Include any notes required by the various affected agencies/utilities.
- 31. Sites to be reserved or dedicated for parks, playgrounds and/or other private or public use are indicated.
- 32. A note is included that states whether or not the property is in the 100-year flood plain, with the Community Panel reference number and map date.
- 33. Applicable notes have been added to the plat. **Any change from the wording shown herein shall be approved by the City of Lancaster.**

# Tree Survey/Preservation Plan Minimum Requirements

Project Name \_\_\_\_\_ Submission # \_\_\_\_\_

This checklist is provided to assist you in addressing the minimum requirements for Tree Survey/Preservation Plan submission. An application is incomplete unless all applicable information noted below is submitted to the Planning Division. Indicate that all information is included on the submitted plans by checking the box next to the required information. **Checking the box certifies to the City that you have completely and accurately addressed the issue.** If not applicable, indicate an “N/A” next to the box. Return this form at the time of application submittal.

If an exception or modification to the regulations is requested, the reason and/or request for each shall be provided on a separate sheet on letterhead with sufficient details as to allow a determination by the appropriate approval body. Additional information may be required. Reference the specific requirement.

Plans are expected to be submitted complete and accurate in all detail as shown by the checklist. Should plans be determined to be incomplete, they may either be returned to the applicant without further review or marked up with needed changes, depending on the amount of changes or corrections needed. Please keep in mind that changes to previously incomplete or inaccurate plans may generate additional comments at re-submittal of corrected Plans. Therefore, diligence to the initial submittal is paramount to expediting the review process.

All tree flagging or marking, construction fencing installation, and location, type and caliper of trees shall be field verified by City staff.

- 1. Site boundary indicated by a heavy solid line, intermittent with 2 dash lines; dimensioned with bearings and distances; lot lines; setback lines.
- 2. Location map, north arrow, written and bar scale. Indicate scale or NTS
- 3. A title block that includes large, boldly printed “TREE SURVEY/PRESERVATION PLAN”, owner and engineer’s names, addresses and phone numbers, subdivision name, lot number, block number or letter, submission date, and a log of submission/revision dates since submitted to the City.
- 4. Existing tree canopy/masses are graphically shown to determine critical root zone and what effects paving will have in those areas
- 5. Flood plain boundary indicating FEMA panel number and date, and flow line of drainage ways/creeks, as applicable.
- 6. Accurately located, labeled and dimensioned footprint of proposed structure(s) shown by a solid heavy line

7. Accurately located, labeled and dimensioned proposed structures, and those to remain, including walls and fences are shown and labeled are shown by a heavy solid line.

8. Accurately located and labeled footprint of structure(s) proposed for demolition are shown by a light dashed line.

9. Rights-of-way and on-site curbs and curbs adjacent to the site are accurately located to the full width and dimensioned and streets are labeled with name and width.

10. Driveways are accurately located and dimensioned.

11. Sidewalks are shown, dimensioned and labeled.

12. All parking spaces and paving boundaries are shown

13. Trees measuring 6 inches or greater in caliper size at DBH, are identified by a three-inch round, weatherproof tag attached to the tree, assigned a reference number on the tag, and the reference number noted on the plan.

Trees proposed for removal shall be painted with a luminescent orange 'X' and those not proposed for removal painted with blue paint. The developer is responsible for the accuracy of the tree dimensions and locations. The developer shall be required to maintain tree markings throughout the approval of the project. The developer may choose to use colored flagging in lieu of paint.

14. An inset is provided on the Plan to detail protective fence installation. Protective fencing shall be installed to the limits of the drip line.

15. Construction fencing is installed around protected trees prior to issuance of a grading or building permit.

16. Areas are indicated where trenching and/or boring is proposed within critical root zone areas of existing, protected trees.

17. The following information is to be provided on the Tree Survey/Preservation Plan in a tabular format:

a. Listing of protected trees by common name of species. A protected tree measures 6 inches or greater at DBH.

b. Caliper of tree at DBH.

c. A reference number for trees measured 6 inches or greater at DBH.

d. General condition of the tree certified as such by a licensed arborist, forester, landscape architect, or other that is qualified to make such determinations.

e. Whether protected and/or proposed for removal.

18. Distance of trees 6 inches and greater in caliper size from sidewalks, curbs, screening walls, and utilities

19. Tree Mitigation

a. Trees proposed for removal shown by an 'X' using a heavy line.

b. Replacement trees are indicated on the plan by a heavy line denoting canopy.

c. Indicate in the above table the sum of caliper inches proposed for removal and credit earned.

d. Indicate mitigation method proposed for removal of protected trees:

1" DBH = 1" Caliper inches of mitigation required, which indicates the quantity of required 6" minimum caliper trees on the protected tree list

**AND/OR**

Escrow: \$125.00 x Caliper inches of mitigation required.

## Fee Schedule

### Standard Application Fees

General Zoning/Rezoning	\$500 + \$10/per acre
Planned Development Zoning and Amendments	\$1500 + \$10/per acre
Specific Use Permit (SUP) and Amendments	\$500 + \$10/acre
Private Club SUP	\$350
Site Plan Review	\$250 + \$10/acre
Waiver/Miscellaneous Cases	\$100
Historic Landmark Preservation Committee Review	\$100
Zoning Board of Adjustment	\$250
Tree Survey Review	\$25
Dedication/Abandonment of Right-of-Way or Easements	\$150.00 per development for first 5 + \$25 for each additional document

### Plat Application Fees

Preliminary Plat Fee (50 acres or less)	\$500 + \$50/per acre
Preliminary Plat Fee (more than 50 acres)	\$1,000 + \$100/per acre
Final Plat Fee	\$500 + \$10/per lot
Amended Plat Fee	\$200 + \$10/acre
Plat Correction Fee	\$400
Minor Plat Fee	\$400
Replat Fee (with property owner notification)	\$575 + \$35/per acre
Replat Fee (without property owner notification)	\$450 + \$35/per acre
Plat Vacations (Plat vacation increasing lots)	\$200 + \$10/per acre
Plat Vacations (all other plat vacations)	\$500
County Recordation Fees*	\$60 for the page of the plat, \$25 subsequent pages + \$4 per tax Certificate

\* This fee is collected on behalf of Dallas County and is subject to change without notice.
